

Archery Camp

June 20-24

Using modern youth archery equipment, discover the fun, challenging, and safe sport of target archery. With our certified archery instructors, students learn the techniques needed to be a successful archer. After a week on the range, kids will have developed their skills enough to identify all safety steps, shoot and score a competition target and learn new archery games. What type of activities do the students do at the Archery Day Camp?

Our extensive camp program consists of indoor and outdoor activities. Each game and activity is designed to teach leadership and team building skills such as relay's scavenger hunts, 3D shoots and fun competitions. We give the

students the opportunity to have some hang time and get to know new friends, but most of our day is packed full of fun activities.
