STUDENT OUTDOOR EXPERIENCE
AFRICAN SAFARI ADVENTURE

EXPERIENCE AFRICA ON SAFARI

AND LEAVE A LIFE LONG LEGACY

THE SAFARI

LEAVE A LEGACY AND WITNESS MAJESTIC AFRICA ON A GUIDED SAFARI.
AN EXPERIENCE LIKE NO OTHER.

AFRICAN ADVENTURE

Student Outdoor Experience's African Safari Adventures has two specific components that will allow you to have the experience of a lifetime while leaving a legacy. Those components are the safari and the outreach initiative.

THE SAFARI

Student Outdoor Experience in direct partnership with Infinito-Safaris offers some of the best Plains Game hunting in South Africa. Our motto of hunting in areas where each species naturally occurs ensures that our hunters are able to take top trophies every year! Depending on which area and species is hunted, the method is usually "spot and stalk". Shots are often between 40 and 150 yards and the 30.06 Caliber with a quality telescope and premium bullets will harvest all the plains game animals. While hunting from the main lodge, we will see hunters visiting areas that cover a total of 200,000 acres in the Groblersdal district.

OUTREACH INITIATIVE

We work directly with the students and teachers at the primary school. This four-room school is about 30 miles west of Groblersdal in the Limpopo bush area. The outreach initiative is:

Holistic Outreach

- Food for students while at school
- Coats for students during winter months
- Kitchen upgrade/rebuild

Leadership Development

- Monthly training and teaching
- Indigenous discipleship
- Use of SOE curriculum

Influential Investment

- Rooms/living quarters for teachers
- Office/storage for teachers and products
- Continued educational support
